Profile

- A dedicated and results-driven recent graduate holding a Bachelor's degree in Computer Applications, with over 8 months of practical experience in the tech field. I have developed a strong foundation in creating modern web applications by working extensively with key front-end technologies. My expertise includes building dynamic, user-friendly interfaces with frameworks and libraries such as React, while utilizing foundational technologies like HTML, CSS, and JavaScript. Eager to apply my skills in an entry-level role, I am looking forward to contributing to innovative projects and expanding my expertise within a professional development environment.

Education

S.M.T B.K MEHTA IT CENTER   **2021 - 2024**
Bachelor In Computer Application (CGPA: 6.75)   *Palanpur, Gujarat*

Kanya Vidhyalay   **2020 - 2021**
12th - Commerce   *Palanpur, Gujarat*

Technical Skills

Languages: HTML, CSS, JavaScript, Python,

Libraries and Frameworks: React.js, Bootstrap

Basic Knowledge: Next.js, .Net

Tools: VS Code, Git, GitHub, npm/yarn

Internship Experience

Intern – React js   **Jun 2024 - April 2025**

- Contributed to the development and maintenance of Web applications using React, ensuring efficient and scalable solutions.
- Focused on enhancing user experience by implementing intuitive, responsive, and interactive UI designs.
- Played an active role in troubleshooting and resolving issues, identifying bugs and implementing fixes to improve app functionality.

Projects

Churhius Web Page

- Recreated a full responsive web page based on the "Churhius" template by Velikorodnov using HTML5, CSS3, and Bootstrap from scratch.
- Implemented mobile-first design principles ensuring seamless experience across all devices including tablets and smartphones.
- Enhanced UI/UX elements such as sliders, menus, and animation transitions to closely match the original template with custom styling.
- Ensured cross-browser compatibility and optimized performance using best coding practices and validation tools.
- Gained real-world project experience by working in a collaborative environment during my internship, focusing on pixel-perfect development.
- Tech stack: HTML5, CSS3, Bootstrap, JavaScript (with a focus on responsiveness)
